All but two of the 11 former senior government off Eritrea confirmed dead.

TUESDAY, 04 AUGUST 2009 22:51

All but two of the 11 former senior government officials of Eritrea, who have been held incommunicado de September 2001, are confirmed dead according to secret documents acquired by assenna.com sources f President of Eritrea.

The officials that include ministers and generals were among the 15 members of the Eritrean National As known as G15). They had all signed an open letter criticising the dictatorial policies of President Isaias Af democratic reform and open debate on the country's political crises. Eleven members of the 'G15', those Eritrea during the 2001 major government crackdown were arrested along with over a dozen independen whereabouts of the G15 and journalists was never disclosed by the government and visits have never be be recalled that the September 18 crackdown was followed by numerous arrests of other mid-ranking offi suspected to be sympathisers of the G15.

The Eritrean government claimed that "they have committed treason" but they have never been officially c to trial. The government has never provided access to their families, lawyers or international humanitarian

The documents obtained by Asena show that eight of them have died in detention as a result of harsh co and lack of medical attention, while one was executed.

In this section, documents of the five political detainees whose death is being reporte time are published. (To see the original documents in Tigrinya click on the names of t
